

Presentation For Ft. Lt. Keene Saturday Night

Tomorrow, Saturday, will be a big day for White Rock when two important events are scheduled to take place. The Victory Loan parade and flag-raising ceremony will take place in the afternoon and a presentation from the people of this community will be made to our honored townsman, Ft. Lt. Norman A. Keene, D.F.C. in the evening. Reeve Brown will be present on both occasions.

The several units of the parade will assemble at the White Rock Hotel at 2.30 and will parade to the Pier Head where Ft. Lt. Keene, D.F.C., will raise the flag, and Mr.

Shepherd of Coquitlam, will deliver the principal address. The ceremony will be in charge of T. D. Coldicutt and the parade will include all returned men, Frontiersmen, Rangers, A.R.P. Wardens, Cadets and Girl Guides, Fire Brigade (with engine) and the St. John's Ambulance Band. In charge of the parade and Mr. McColl will assemble the cars.

A Public Address System is being set up so that all may hear the proceedings.

The evening presentation ceremony, which is intended for adults

and high school pupils only, will be at the White Rock Hotel, the time being 7.30.

The presentation to Ft. Lt. Keene will be made by Councillor Frank, following an address of welcome by Rev. W. R. Jeffcott. Then, after a musical program in which the following artists will take part, viz.: Mrs. W. W. Wood, Mrs. Peck and Mr. Cameron, there will be moving pictures and an address by Capt. Howard S. Coulter, of Vancouver.

The committee in charge regret that owing to limited accommodation, young children will not be allowed in for the evening presentation ceremony.

Mrs. W. Meech left Friday for Lethbridge, Alberta, to visit her daughter.

Mrs. Robert Pearson has moved to Sherbrooke cottage on Victoria Avenue.

Mr. Frank Brisco has concluded his business in Bassano, Alberta, and returned home Tuesday.

LaVerne Smithman was home at the week-end from Vancouver, where he is attending University.

Mr. and Mrs. Finlaison, who have been running the White Rock Lodge for some time past, have taken up residence on Royal Ave.

Mrs. I. Bowles and Mrs. A. J. Jarnson of Cloverdale, have leased the White Rock Lodge and will continue to run it as a lodging house.

Mr. and Mrs. Bill Busby, from Kelowna, B.C., who are staying at the White Rock Hotel, have bought property here and intend to build later.

Earl Barke has returned from his trip to Calgary and Lethbridge and back by the Kettle Valley. While in Lethbridge he met Jimmy Willcock, who is looking fine.

Mr. and Mrs. Scott Bell, of Brighouse, who were guests at the White Rock Hotel over the week-end, have purchased a summer residence on Victoria Avenue.

Thanksgiving guests at the Edwars home were their daughter, Judith, and her friend, Miss Elsie Would, also Martin Edwars, son of New Westminster.

Mrs. Lamble and her son, Allen, were guests for a few days last week at the home of Mr. and Mrs. Peter Dewar at Crescent. Mr. Dewar was a former Gospel Missionary in White Rock for many years.

Mr. and Mrs. Milton Cooper, of Poole Coupe, arrived in White Rock, Thursday, to visit Mrs. Cooper's parents, Mr. and Mrs. O. P. Dowling, Pacific Avenue. They may locate here if they find things suitable.

Pl. Lt. Norman Keene, R.C.A.F., D.F.C. and two bars, arrived home last Thursday. His parents, Mr. and Mrs. A. Keene, were very pleased to see him home again. He has made 111 operational flights, 72 of them over Germany. A reception for him is to be held Saturday evening in the White Rock Hotel at 7.30.

Glenn at western life in the early days. The shows are for the benefit of the charity funds of the British Branch of the Canadian Legion, so patrons will be doing the Legion and themselves a good turn by going to the Park Theatre on these occasions.

WHITE ROCK HONOR ROLL

A meeting was held at the White Rock Hotel, Wednesday, October 6th, at 8 p.m., with Mr. Walker in the chair. The minutes of the last meeting were read and passed. The secretary was instructed to send out notices to the different organizations who attended the first meeting that they attend the next meeting to be held Friday, October 22, 8 p.m. in the White Rock Hotel.

The Honor Roll has been received from Ottawa, which has space for 400 names. This Roll is a beautiful piece of work and has the Dominion coat of arms done in color, which blends beautifully and makes it stand out as a grand piece. It also has "White Rock Community" in red letters; all this is in harmony with the color scheme. It will be on display in Hughes and Mackenzie's window and is well worth going a long way to see. Arrangements are being made to have the names put on in India ink as suggested in the chart which was sent with the Roll, giving various kinds of lettering which can be used.

White Rock should be pleased with this Roll and help to complete it so that it can be put on display at the earliest possible date. One hundred and ninety-seven names so far have to be inscribed.

The tables were all filled for the Thanksgiving Supper in the Parish Hall on Wednesday evening, of the Anglican Church. It was a very nice repast and enjoyed by the gathering.

After the tables were cleared an impromptu program was put on, which opened with some community singing. Much pleasure was given by the variety team that Mr. Hinson and Mr. Cook presented; it was in a humorous vein and quite good. Mr. and Mrs. Colwell also contributed with songs. Mrs. J. K. Westland was the accompanist. Some features helped to add to the enjoyment of the evening.

Homemakers' Corner

'Time doth softly, sweetly glide. When their's love has come'

Dear Homemakers:

Recently we were reading to a group of very young children one of those absurdly impossible stories which they love.

It was all about a little bird which persuaded an elephant to guard her nest and eggs while she went to town. Whenever we reached the bottom of a page and stopped to take a breath, most of the children sat patiently waiting for the next chapter, but one small, eager-eyed boy in an excited little voice would always call out: "Quick! What's next?"

And while our attention was focussed on this small boy's eagerness to know what came next, we thought of the many adults who are so busy worrying about the future that they fail to make a thorough job of the present.

A wise Creator has decreed that not one of us may know what will happen tomorrow—not even in the next minute. However, while we are on the subject of future events, there is one we may bank upon with a large measure of confidence. The Canadian Government will soon call upon all homemakers for more money to carry on the fight for peace and the privilege of continued homemaking.

It is to be hoped that every homemaker in White Rock, whose circumstances will permit, will be ready when the Victory Loan campaign comes.

SPEED THE VICTORY!

LAWN BOWLING NEWS

Monday, October 11th, Thanksgiving Day, saw the wind-up of the lawn bowling season at the Semiahmoo greens.

After the morning session, the members and their friends, sat down to a turkey dinner, the like of which could only be put on by the ladies of our club, it being thoroughly enjoyed by a rosy number that crowded the clubhouse to capacity.

Before partaking of the repast, the Rev. Mr. Frank in a few well chosen words, said grace, thanking the Supreme Ruler of the Universe for the many blessings that we have enjoyed.

A unanimous vote of thanks was extended to all the ladies for the trouble they went to, not only at this last banquet, but for all that they have done throughout the season to make the club the success that it has been.

Bowling was continued in the afternoon and after many keenly contested games, tea was served.

The highlight of the day was the conferring on Mr. S. Bowell of the New Westminster Lawn Bowling Club, an honorary life membership in the Semiahmoo Club, showing him, in a small way, the high esteem held for him by all the members, as well as the appreciation they have for all the help he has been to our club.

Mr. Bowell has officially opened

our bowling greens every year since its inception, with a possible exception of one, and was on hand for our closing ceremonies.

Mr. Bowell, in voicing his thanks, assured us that it was a pleasure on his part for anything that he has done, extending to us the good wishes from his New Westminster Club.

Several button games were played this week.

Mrs. Bloom played two games against Mesdames Hennessey and Co., winning both times.

Mr. Calderbank was successful in defending his possession of the men's button against Messrs. Baker, Co., Haddock and Vidal.

A new button has been presented to the club by Mrs. Greenwood, for mixed competitions, which will be another incentive towards better bowling.

The annual meeting of the club will be held on Wednesday, November 10th, time and place to be advised later.

Cribbage Club Starts

The Quality Hill Cribbage Club got away to a good start this season, with a membership of about 20. October 6th was the first party night and the lucky members were: Highest points, Mr. Coon and Mrs. Peck; highest games, Mr. Smith and Mrs. Nichol.

To Hold Turkey Supper

The White Rock Branch, No. 11, of the Old Age Pensioners' Organization, held their regular monthly meeting on Wednesday, October 6, at the White Rock Hotel.

There was a splendid attendance of over 60 members and friends. Several new members were welcomed. The membership, which is increasing each month, now totals 90 members. There was considerable business before the meeting, which included the formation of a visiting committee, and the district visitors, who will visit sick or distressed members are Mrs. Dowling for the east end, Mr. H. Thornton for the north, and Mrs. Sinnott for the central district.

A change of program has been prepared for the November meeting, which will be on Wednesday, November 3rd, when a turkey supper will be served to the members at the White Rock Hotel at 4 p.m. The members made a generous response to the request for donations, and pies, vegetables, etc., were freely offered, and a good time for all is anticipated. Tickets will be sold for the supper at 35 cents per person, for members of the O.A.P. only.

The secretary was instructed to send a letter of condolence to Mr. and Mrs. Brown expressing the members' sympathy for them in their recent bereavement.

Mr. Beresford gave a wonderfully fine address on "The World of Tomorrow," in which he described the evils and enemies against which the Old Age Pensioners are struggling, today, and also those which must be overcome in the world of tomorrow, and he warned against inertia and indifference, which had to be overcome if the Old Age Pensioners wanted to maintain a proper standard of living in accordance with their rights.

The musical portion of the program consisted of community singing led by Mr. Thornton and the vocal selections by Mrs. Beresford and those who presented a real treat to those present.

Mr. Beresford accompanied Mrs. Beresford on the piano.

Mrs. Bennet accompanied Mrs. Russell on the piano for her solos.

The meeting closed with the singing of the National Anthem.

Plans Are Going Forward

We have been reading the extensive report on Incorporation prepared for the White Rock Board of Trade, which by the way the committee in charge of it deserve great credit for the work they had done in gathering the facts together, and it seems that there is no valid reason why White Rock should not be incorporated.

One of the first objections put forward to incorporation is; the taxes will go up. The objection is weak, why should they go up? for by comparison with other places as stated in the report, the taxes have not shown any tendency to increase. It must not be overlooked that all the revenue from the taxes will be spent in this area, and there is a large tax revenue raised in this district.

Another thing to be kept in mind is; that whatever form of government it is, there is no necessity, for the first year or two at least, of having a large office, etc., to do the business of the town. Improvements are necessary, but even these will have to be done gradually, as the old saying is, make haste slowly. Improvements, when they come, should be for the benefit of the majority.

Everything will have to be built up gradually till all is going smoothly. At the start it will take time to adjust the revenue to all the prime necessary expenditures in running a business of this nature. And it is important that the right men be chosen, with the proper qualifications, to look after these affairs. The managerial form of government has worked out advantageously wherever tried, and we believe, as befits a progressive place, that this would be the best.

A greater community spirit would be one of the results. Look into it thoughtfully without any hasty judgement.

Here Comes Your Refrij

For the time being you may not be able to buy the particular electrical appliance you want—but you can bet that item is serving you in far greater capacity, perhaps in the skies over Europe, in the Mediterranean area, or in the South Pacific.

Critical materials, once used for refrigerators, ranges and a score of other articles are now going into tanks, ships, planes and ammunition. They've been temporarily diverted to do a job of war so that in the victorious to-morrow that's bound to come, we can again have the pleasure of buying all those electrical gadgets that do so much to make home life a pleasure.

If your appliance needs repairs, ask your B.C. Electric dealer about it. He'll tell you exactly what can be done.

B. of T. Council Meeting

The report of incorporation was under discussion at the council meeting of the Board of Trade on Tuesday night in the White Rock Hotel. It was passed that the Board was in favor of incorporation and the boundaries as suggested were approved. Further discussion will be brought forward at the next general meeting of the Board of Trade on Tuesday, October 19th. Also it was arranged to have speakers explain to the different organizations the report and the plans as proposed for incorporation. Should it come to pass, the governing body was suggested to consist of a manager and three commissioners as advisors.

Rehabilitation Meeting

What a strange thing, only 22 people in White Rock attended the meeting, and yet rehabilitation affects every man, woman and child in Canada. One is at a loss to know why soldiers' wives did not turn out for this meeting, nor did the public in general turn out. The Canadian Legion presented to the Dominion Government a very extensive brief on reconstruction, which all the press throughout Canada were high in their praise

as to the contents of the brief, and the government admitted it was one of the best submitted.

Many things have to be considered in reconstruction. Has the present system guaranteed employment to those willing to work? The answer is no. When men of the last war and younger men had to ride freight trains and the rods from one end of Canada to the other seeking employment and not finding it.

Has it been made possible through

education to those who wanted it, but could not obtain it for want of money?

Has it given an opportunity to gifted children to develop their talents?

Has it taken proper care of the health of the people?

Has it made suitable provision for the people when old age overtakes them?

Has it given a fair compensation to those who have offered their lives in the last war and this war

and who have suffered the loss of limbs, arms, eyes in defense of their country's freedom?

These are a few of the adjustments the Legion are asking for, not overlooking any man, woman and child in Canada. Many will ask where is the money to come from to do all these things? Surely a country such as Canada that can raise money for destruction such as war causes. It is reasonable to believe it can be done for construction.

DESTRUCTION OF SALMON ON THE FRASER RIVER BY HAIR SEALS SERIOUS

Following a meeting of the fishermen at Steveston with Mr. Tom Reid, M.P., signed petitions from the entire Fraser River fishing area extending from Whonnock to Steveston were sent him to Ottawa regarding the menace of seals on the Fraser River. The seal menace has become so serious on the Fraser River this year that unless some steps are taken to eliminate them or control them in some way it will not be long until salmon fishing will become impossible.

The Honourable Mr. Bertrand, Minister of Fisheries, who was approached in the matter by Mr. Reid, M.P., has already taken some action in the matter.

The Department of National Defence are investigating the entire situation with officials of the Fisheries Department with the view of alleviating the difficulty, either through actual destruction of the seals or by frightening them elsewhere, where their depredations would be less serious. The plans suggested are for the Defence Department to issue the sand bars on which the seals congregate at low tide.

A further suggestion is that the bounty of \$250, which is in effect at the moment, be increased as an incentive to the destruction of these seals. Coupled with this suggestion, ammunition which is difficult to secure under prevailing war conditions, be made readily available.

It was pointed out at the meeting held at Steveston in September last by the fishermen that many instances occurred whereby seals were able to take a bite out of almost every salmon caught in the net before the net could be hauled

in. Assurances have been given Mr. Reid, M.P., by the Minister of Fisheries that every effort will be made in the matter.

While Mr. and Mrs. Coe were away for a few hours the other day, from their home on Marine Drive, their property was trespassed upon by some person or persons (not as yet known) who chopped down one tree entirely, and cut others, leaving

the loose branches hanging down, causing an accident hazard, while other larger branches were transported off the property, trampling down young plants while doing so. What can be done to stop such destruction, and who is to be visited next?

The SNAPSHOT GUILD ART IN PHOTOGRAPHY

An artist might take days to paint a picture like this. A camera captures its beauty in a split second.

MOST of us feel despair with regard to pictures by the pen, pencil or brush, because so few of us are endowed with the talent to express ourselves with those tools.

Too few realize, however, that photography has opened the door of artistic expression practically to everyone. Because of the capability of today's improved equipment to produce good photographs under a wide range of light conditions, and because no great difficulty is met in mastering the technique of photography, the desire to express artistic feelings by means of pictures is no longer limited by the refusal of one's brain, or lack of training, and by pictures, I do not mean merely photographic records of places or people usually interesting only to those familiar with them, but pictures evoking pleasure for all who behold them, because of their universal appeal to the senses, emotions, or imagination.

With a camera in your hand, reasonably good powers of observation are virtually all you need to satisfy your desire for expression. These powers you may exercise by selecting artistic pictures from the innumerable supply already composed by you by nature. It is a matter of seeing the picture and then choosing the camera viewpoint accordingly. Or you may direct your own composition to some extent by changing the arrangement of movable objects.

You are working with the same art factors as does the artist of pen or pencil—forms, masses of light and dark areas, interesting lines, centers of interest, balance. And like the artist you and your camera can achieve artistic results.

Keep on wishing you could draw or paint, if you like, but don't be stopped by your inability to do so. Realize the possibilities of your standpoint reproductions of photographs in magazines and newspapers. Go to photographic exhibits and observe how many pictures please the senses because of their beauty, or arouse the emotions or stimulate the imagination. These art expressions, we are told, of all in view, see what you can do with your own camera. There are ready-made opportunities everywhere—in the country, by river, lake, and in the city, by winter, by summer, if you will wait for them and study composition before you snap the shutter.

* John Van Guilder

Gasoline Won't Stretch!

One of the important differences between gasoline and rubber is that gasoline won't stretch. A given supply drives a bus a definite number of miles—and no more.

To conserve gasoline for vital war purposes, the transit controller has ordered curtailment of mileage on the Vancouver-New Westminster and Fraser Valley trips of Pacific Stage Lines.

But it is comforting to know that every gallon of gasoline saved brings us nearer victory.

We know you'll continue to co-operate.
